

# CURRICULUM VITAE

## Dr David Edis | ORTHOPAEDIC AND SPINE SURGEON

MBBS, FRACS (Ortho), FAOA, AFRACMA, GradDipMedAd

### Qualifications

Bachelor of Medicine, Bachelor of Surgery, University of Melbourne, VIC (1994)

United States Medical Licensing Examination, Part 1 & Part 2, USA

Fellow Royal Australasian College of Surgeons (2005)

Graduate Diploma of Medical Administration, Monash University, Melbourne, VIC (2020)

### Professional Memberships

Royal Australasian College of Surgeons

Fellow of Australian Orthopaedic Association

Associate Fellow Royal Australasian College of Medical Administrators

Member Spine Society of Australia

Member North American Spine Society

### Past Appointments

VMO, Orthopaedic and Spine Surgeon, Calvary St Luke's, Launceston, TAS (VMO, 2007-2017)

Orthopaedic and Spine Surgeon, Launceston General Hospital, TAS (2007-2017)

Senior Lecturer, University of Tasmania (2007-2017)

### Current Orthopaedic Practice

VMO, Orthopaedic and Spine Surgeon, The Bays Hospital, Mornington, VIC (2008 – current)

VMO, Orthopaedic and Spine Surgeon, Peninsula Private Hospital, Frankston, VIC (2008 – current)

VMO, Orthopaedic and Spine Surgeon, Mulgrave Private Hospital, Mulgrave, VIC (2008 – current)

### Medicolegal Practice

AMA Fourth Edition Impairment Assessment Accreditation Core, Dermatology, Hand & Upper Extremity, Lower Extremity, Nervous System, & Spine. And SIGMD

### Publications:

**2014** - Spine Vol 38, number 00, pp1-8 *Effectiveness and Safety of Recombinant Human Bone Morphogenetic Protein versus Local Bone Graft in Primary Lumbar Interbody fusion*. C. Adams, K Ogden, I Robertson, S Broadhurst, D Edis

### Presentations:

1999 – Australian Orthopaedic Association annual scientific meeting, Brisbane. QLD. Paper read and co-authored by Mr Richard de Steiger: *'Polyethylene thickness in uncemented acetabular components'*

1999 – ANZ Bone Mineral Society annual scientific meeting, Cairns, QLD. Poster presentation: *'A rapid and versatile histological procedure for human bone biopsies'*

2000 - Royal Melbourne Hospital Research Week, Melbourne. Victoria.  
Poster presentation: *'Histomorphometry of femoral neck bone in elderly men with hip fracture'*

2000 – ANZ Bone Mineral Society and International Bone Mineral Society annual scientific meeting, Hamilton Island, QLD. Oral presentation: *'Causes of Osteoporosis in Men with Hip Fracture'*.

2002 – Australian Orthopaedic Registrars Association annual scientific meeting  
Oral Presentation *'Secondary osteoporosis in men with hip fracture. Is it worth looking?'* – awarded second Best Paper.

2003 – Australian Orthopaedic Association Annual Scientific Meeting – Adelaide Oral Presentation: update of above

2006 – Australian Orthopaedic Association – Victorian Branch Meeting - November- Melbourne. *Radiological results of internal fixation for intra-articular distal radius fracture.*

2009 - Australian Orthopaedic Association - Tasmanian Branch Meeting - July *Cervical stenosis and myelopathy - pitfalls in diagnosis and management options*

2011- Australian Orthopaedic Association - Tasmanian Branch Meeting - July *Complications with rh-BMP 2 in lumbar spine interbody fusion*

2011 - Tasmanian Health Conference - August *Triage of orthopaedic spine referrals in a regional private clinic - workforce implications (Poster presentation)*

2012 - Spine Society of Australasia - Annual Scientific Meeting (Sydney - April) and Spine Week (Amsterdam - June) *Effectiveness and safety of recombinant human bone morphogenetic protein versus posterior element graft in primary lumbar interbody fusion* Presented and co-authored by Cameron Adams

2014 - Australian Orthopaedic Association - Victorian Branch Meeting  
Chair of the Spine Section and presentation on Sagittal Balance - Is it important?

2014 - Australian Orthopaedic Association - Tasmanian Branch Meeting  
Is there a role for minimally invasive spine deformity surgery? Early results of the lateral interbody approach.

2015 - Tasmanian Allied Health Symposium - Yes... we do come to you? Presented and co-authored by Ms Lil Cox, Occupational Therapist

2016 - Spine Society of Australia - Annual Scientific Meeting  
Clinical Outcomes of Oblique Lumbar Interbody Fusion (OLIF) Presented and co-authored by Charles Haward

2016- Spine Society of Australia – Podium ASM and Poster at ISSLS Spine Week Singapore. Complications of cortical screw fixation in the lumbar spine. Presented and co-authored by Tharsa Thillainadesan

2022 – Spine Society of Australia – ASM. Poster presentation. Patient specific cervical PEEK cages - a pilot project. Co-authored Declan Brazil.

2022 – Spine Society of Australia – ASM. Top 10 Poster. Use of custom peek cages for lumbar deformity - A viable alternative to 3D printed cages. Co-authored Declan Brazil.

2022 – Singapore Spine Society. Complications of Lateral Spine Surgery – Getting it right the first time. Invited speaker.

2023 – Spine Week – SMISS AP program - 3D printing vs CNC PEEK – design, production and cost considerations. Co-authored Declan Brazil

### **Continuing Professional Development**

Current CPD certificate from Royal Australasian College of Surgeons and Australian Orthopaedic Association
